

SPHAMANDLA XABA

Product Designer | AI UI/UX Designer

Johannesburg, South Africa | +27 60 102 0774 | sphamandaxaba@gmail.com | [Portfolio](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Product Designer with 3 years of experience designing websites, mobile applications and enterprise SaaS products from discovery through implementation. I specialise in creating user-centred digital experiences that simplify complex workflows, strengthen usability and align business goals with customer needs. My approach combines UX research, interaction design, scalable design systems and AI-assisted workflows to deliver intuitive, high-quality digital products. I enjoy collaborating with cross-functional teams to transform ideas into polished, production-ready experiences.

CORE SKILLS

Product Design • User Experience (UX) • User Interface (UI) • UX Research • Information Architecture • User Flows • Wireframing • Interactive Prototyping • Design Systems • Responsive Web Design • Mobile App Design • Enterprise SaaS • Accessibility Fundamentals • AI-Assisted Design • Stakeholder Collaboration • Developer Handoff

PROFESSIONAL EXPERIENCE

UI/UX Designer

Gem Information Systems | 2025 – Present

- Design enterprise SaaS platforms, websites and internal business applications for corporate clients.
 - Lead UX and UI design activities from discovery, wireframing and prototyping through developer handoff.
 - Conducted behavioural research (user interviews, surveys, heatmaps) to identify friction points and optimise user journeys, increasing task success rates by **50%**.
 - Applied data-informed design through usability testing and iterative optimisation, reducing customer support tickets by **25%**.
 - Designed and maintained a scalable Figma design system used across multiple teams, improving consistency and reducing design-to-development friction by **60%**.
 - Collaborate closely with developers and stakeholders to deliver user-centred digital solutions.
-

UI/UX Designer & WordPress Designer

AX-Channels Studio | 2023 – 2025

- Delivered **16+** digital projects across websites, landing pages and business platforms.
- Led **4+** end-to-end design projects from discovery and UX research through implementation.
- Conducted UX audits to identify usability issues and improve user journeys.
- Designed responsive WordPress websites focused on usability, accessibility and conversion.

- Worked directly with clients to translate business requirements into intuitive digital experiences.
-
